

Things I need to know about the Snowball Derby if I am a :

Open Wheel Modified Team

- Best opportunity for practice will be at the Snowball Derby Preview, scheduled for November 18th, from 9am until 7pm. All divisions will practice in rotation. There will be a practice session on race day December 1, but unfortunately it is limited due to time constraints.
- Entry Blanks are available at www.snowballderby.com. There is a discount for early entries. Hauler Pass Decals will be required to enter pit area on race day and will be issued at time of entry.
- Hauler Parking will be same as previous years. Rigs will be staged at Interstate Fairgrounds beginning on Thursday, November 30th beginning at 4pm. At the conclusion of the Thursday Night racing program, and as soon as parking lot has cleared, rigs will be escorted into the Speedway Parking lot for staging. Estimated time is 10:30pm.
- Pits will open on Friday beginning at 8am. It is suggested that credentials (pit passes) be purchased earlier to avoid delays. Pit parking will be orchestrated by track officials.
- TECH : Technical Inspections will be available at SBD Preview. Race Day inspections will be required but can be expedited with Nov 18th clearance.
- TIRES: Race tires will be impounded and released just prior to qualifying. Practice tires may be purchased and mounted at SBD Preview, or at anytime Friday on race weekend.
- Open Wheel Modified SBD is 75 Green Flag Laps
- Haulers must be removed from Speedway grounds at conclusion of night's race events. Rigs may be parked at Interstate Fairgrounds until departure. No parking of rigs in track parking lot allowed except as designated.
